## PAN EUROPEAN GAMES INFORMATION (PEGI) AGE RATING SYSTEM

A PEGI age rating is displayed on the packaging for this game. The PEGI age rating system protects children and teenagers from games unsuitable for their particular age group. It allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. PLEASE NOTE: Age rating is not a guide to gaming difficulty.

The second part of the rating may consist of one or more descriptors indicating the type of content in the game. The age rating of the game reflects the intensity of this content. The descriptors are:

For further information visit [www.pegi.info](http://www.pegi.info)

## PARENTAL CONTROL

You can set up the PS Vita system to prevent access to games which may not be suitable for the age of a child using the PS Vita system. You should set the parental controls if you have a child who will be using the PS Vita system who is not old enough to play this or other games you have purchased for the PS Vita system. The age rating for this product appears on the packaging.

The default parental control level on the PS Vita system is 9. You will need to set the parental control level on the PS Vita system to one of 11 levels to prevent your child from accessing content which is not suitable for their age. The relationship between the age rating of a product in your region and the parental control levels on the PS Vita system is as follows:

<b>PARENTAL CONTROL LEVEL</b>	<b>9</b>	<b>7</b>	<b>5</b>	<b>3</b>	<b>2</b>
<b>AGE RATING</b>	<b>18</b>	<b>16</b>	<b>12</b>	<b>7</b>	<b>3</b>

For example, if your child is 11 years old, you should prevent access to content which is rated as suitable for 12 years and older. In this instance, set the parental control on the PS Vita system to level 3. The lower you set the control, the more restrictive the setting. You can always change the parental control setting to allow play by older users.

In rare cases, the parental control level for this product may be more restrictive (lower) than the level which would normally apply to the age rating in your country. This is due to differences in the age rating systems in the various countries in which this product is sold. You may need to reset the parental control level on your PS Vita system to enable play of this product.

For instructions on how to set the parental controls, please refer to [eu.playstation.com/psvita/support/manuals](http://eu.playstation.com/psvita/support/manuals)
